FLORAL MALODOR NEUTRALIZER

Victoria Bay
Quality products for everyday needs.

Ready-to-Use

DESCRIPTION

This broad spectrum organic odor neutralizer concentrate is water soluble and formulated with Oxychlorodene for complete odor neutralization. It is safe to use and environmentally correct. Leaves a pleasant fresh scent in treated areas.

FEATURES	ADVANTAGES	BENEFITS
• Odor eliminating components	• Destroys odors at their source	• Eliminates noxious odors
• Pleasant fresh fragrance	• Covers malodors while destroying them	• Immediate air quality improvement
• Fast evaporating	• Fresh scent quickly deodorizes room	• Less application effort
• Can be added to cleaning solutions	• Pleasant, clean scent	• Versatile deodorizing

DIRECTIONS

Deodorizing: Apply as is (or diluted up to 4 oz. concentrate per gallon of water for economy) in a fine mist or spray directly and thoroughly to source of the malodor. In all cases use normal sanitation procedures to clean and remove all organic material. For large areas use a pump sprayer or electric spray mister. Apply freely and ventilate the treated area with high volume fans.

Garbage Compactors: Spray or squirt a small amount of product directly into compactor, refuse container and around storage area.

Smoke Damage: Clean affected areas completely with good detergent cleaner and hot water. Remove all evident sources of odor and organic material. Apply product directly to surfaces almost to the point of run-off with pump sprayer or electric mister. Ventilate area for several hours after application. Use high volume exhaust fans to remove stale air and bring in fresh air.

SPECIFICATIONS

Color	Clear	Biodegradeable	n/a
Fragrance	Floral	Shelf life	1 Year
Density	8.2		
pH	7.0-8.0		
Dilution	RTU or up to 1:128		

REORDER #

C00174-12/32 oz.
C00175-4/1 gal.
