MKITR Master Kit  
(Daily & Project Cleaning)

DKITR Daily Restroom  
Cleaning Kit

Unger offers two restroom cleaning kits that contain all the tools necessary for daily or project cleaning.

These tools provide a higher standard of hygiene and are ergonomically designed to increase worker productivity and improve worker health. That simplifies training and prevents the risk of cross-contamination.

- All tools fit compatibly on standard janitorial carts.
- The tools are designed to remove dirt effectively and to prevent bacteria from spreading.
- The microfiber tools remove dirt better from uneven surfaces and require less use of chemicals.
- The Unger cleaning process and tools provide better hygiene, increase productivity and enhance ergonomic performance.

**ErgoToiletBowlBrush & Holder

- Replaceable, durable nylon bristle head easily snaps on/off of the Ergo Handle.
- Unique head shape and bristle angles allow brush to access hard-to-reach areas such as under the rim.
- Holder can be hand carried, hung on a cart or set on the floor. It is also easy to clean – step on footrest to unscrew base, empty excess liquid and disinfect.
