### DIRECTIONS

**Note:** Some surfaces such as aluminum alloys, plastic or painted surfaces are inherently sensitive to alkaline cleaners.

**Do not use on motorcycles or glass.** Spot test on ALL surfaces before use. Do not inhale mist. Use with adequate ventilation. The use of safety glasses and protective gloves is recommended. **These directions must be followed or damage may result.**

1. Before degreasing, be sure that all surfaces are cool to the touch. Do not apply in direct sunlight or if air temperature is above 100°F.
2. Spray Grez-Off full strength onto the cool pretested surface to be degreased.
3. Allow Grez-Off to penetrate the soil. **NEVER allow Grez-Off to dry on any surface.** Stubborn soils may require brushing or a second application.
4. Immediately rinse with water until no sudsing is noticeable.

*Grez-Off penetrates oil stains on garage floors!*
