

EFFORTLESS CLOSING

Superior Seal – Engineered for easy closing and increased profits.

SAFE-T-FRESH® Bowls

Enhanced and Improved Round Safe-T-Fresh® Bowls for Significantly Easier Closing

New leak resistant seal and redesigned strengthening ribs combine for faster and easier closing.

Improved Merchandising, Packing and Profitability

Enhanced Presentation and Stacking Strength - made from crystal clear #1 PET material, **with new rib design** for superior product display. Attractive enough to go from store to table.

Highly Leak Resistant - exclusive 360° perimeter seal locks in freshness, prevents spills, and keeps your food fresher longer.

Reduced SKU's - only one item to inventory with the Safe-T-Fresh® clamshell container. Two-piece containers require a bowl, a lid, and a shrink band.

Improved Safe-T-Gard® Technology - tamper-evident, tamper-resistant tear strip hinge provides security and eliminates the need for shrink bands.

Low Carbon Footprint 100% Recyclable PET - for greener, environmentally responsible packaging.

Automation Friendly - use with Inline Plastics' Safe-T-Fresh® round bowl automated closing machine for high speed applications.

Safe-T-Fresh® 5" Bowls

Safe-T-Fresh® 7" Bowls

Safe-T-Fresh® 10" Bowls

Applications - cut fruit, veggies, snacks, cheese, candy, single serve desserts, pastries, cookies, mini brownies, donut holes.

Tamper-Evident / Tamper-Resistant

1 Safe-T-Gard® tear strip hinge with textured tabs and, 2 Recessed lid flange protected by blocking rail, combine to assure tamper evidence and tamper resistance.

New Rib Design

3 Attractive new partial ribs allow for easier closing and improved stacking strength to create eye-catching merchandising displays.

Container Clarity

Highest quality PET material and minimal ribbing allow a superior clear view that highlights your product.

Dome & Flat Options

Each size offered with either dome or flat lid to fit your food product and create distinct merchandising displays.
