

Wherever your work takes you,
you've got clean hands to go.

Naturally Tuff
Orange Hand
Cleaner

With Naturally Tuff, you've got clean hands to go.

Cleanup facility too far away? Short of a portable sink, the most sensible solution is Naturally Tuff Orange Hand Cleaner from KIMBERLY-CLARK® Professional. It's designed to remove tough grime without water. Just apply to hands, rub and wipe dry.

The waterless washup that works harder.

The new formula is even tougher than our old SANI-TUFF* Waterless cleanser, with improved

performance against industrial soils such as inks and grease. It's made with natural d'limonene instead of petroleum solvents, and it has a fresh citrus scent.

Want to scrub up even tougher grime?

Try Naturally Tuff Orange Hand Cleaner with grit. This is not your ordinary grit — it's composed of polymer beads that provide scrubbing without the abrasion that can be associated with pumice or walnut shell grits. Gritty on grime, not on skin.
