Use Overview

Bravo® Heavy Duty Low Odor Stripper is a heavy-duty non-ammoniated floor stripper designed to quickly and easily handle your toughest stripping jobs.

Preparation

- ▶ Blockade areas to be stripped or finished. Floors will be very slippery until dry.
- ▶ Mix 1 part **Bravo® Heavy Duty Low Odor Stripper** to 4–8 parts warm water, depending on floor finish build-up.

Coating

- ▶ Apply liberal amounts of solution uniformly on floor with mop.
- ▶ If splashing occurs, wipe off surfaces with a clean rag dampened with water.
- ▶ Let stripper solution soak for 5–7 minutes.
- ▶ Increase soak time if using cool water. Keep areas to be stripped wet.
- ▶ Scrub thoroughly using a stripping pad or brush to break-up film.
- ▶ Pick-up all of the solution with a clean mop, wet vac, or an automatic scrubber.
- ▶ Thoroughly rinse floor with clear water.
- ▶ Let floor dry completely before applying recommended Diversey brand floor finish or sealer.

Note: The dilution of **Bravo® Heavy Duty Low Odor Stripper** can be varied from 1:4 to 1:8 depending on performance requirements.

Cautions

- ▶ When using on asphalt or rubber tile, strip a small inconspicuous area to determine if bleaching or softening will occur.
- ▶ Do not use on unsealed wood, cork, linoleum or painted surfaces.
