

Looks Funny, Saves Money.

Go ahead, fill it to the rim.

TieTie® uses an exclusive design to make a bag that works like no other.

Because of its unique design, TieTie® holds more than conventional liners, so it's more economical to use—fewer liners mean lower costs.

TieTie® is fast and easy to close. When it's full—even to the rim—TieTie® holds its contents securely.

The handles make lifting and carrying easier. TieTie® saves you time and money with every liner change.

TieTie® Convenience

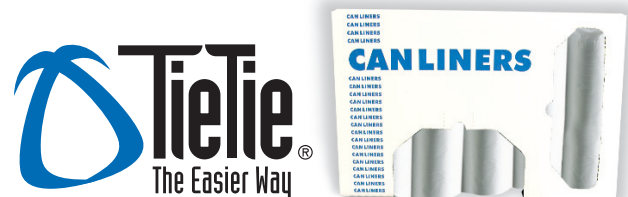

Using a labor saving can liner may not seem like a big thing. But, if it means doing the job faster and better every time, and using fewer liners...that adds up to big savings.

- ✓ Easier to Tie
- ✓ Easier to Lift
- ✓ Easier to Carry
- ✓ Holds More
- ✓ Coreless Rolls
- ✓ Excellent Cost Per Liner

TieTie® Can Liners
