

FiberPRO® TLC

Traffic Lane Cleaner

Formulated to quickly penetrate and lift out grease and grime, this powerful blend of special surfactants and nonflammable solvent will quickly loosen and emulsify a variety of soils from both natural and synthetic fibers. Used alone as a direct spray on traffic lane and other soil build-up areas, or as a "booster" for rotary and extraction methods, this product cuts through and suspends the toughest soils for fast removal. (Excellent for dry and wet spin bonnet applications too.) Concentrated for economy.

Uses

- Carpets
- Mats
- Soil build-up areas
- Spots
- Traffic lanes
- Not for use on 5th generation carpeting or stain resistant carpet.

Features

- Economical - Highly concentrated formula.
- Labor saving - Fast solvent actions quickly emulsifies the worst "ground in" soil problems.
- Simplifies stain removal - Detergent/solvent blend removes most stains.
- Versatile - May be applied by hand or used with rotary, dry foam or extraction equipment.

Properties

Color	Straw
Detergency	Excellent
Flash point	None
Foam	Low
Fragrance	Pleasant
pH (diluted)	13.0
Rinsability	Very good
Shelf Life	1 year
Solubility in water	Complete
Specific gravity	1.06
Viscosity	10 centipoise

Directions For Use

Read the entire label before using this product.

CALIFORNIA RESIDENTS: DILUTE PRODUCT AT (1:50) WITH WATER. Vacuum carpet. Dilute with water as follows: **HEAVY SOIL:** Dilute 12 oz./gal. or 94 mL/L (1:10) with water. **MODERATE SOIL:** Dilute 6 oz./ gal. or 47 mL/L (1:20) with water. **LIGHT SOIL:** Dilute 3 oz./gal. or 25 mL/L (1:40) with water. Apply at the rate of 50 - 100 sq. ft./gal. of diluted solution depending on nap and soil conditions. Allow this product to emulsify soil for 3 - 5 minutes and clean with normal methods. On natural fibers such as wool or cotton, never use a dilution other than "light soil" without testing prior in an inconspicuous area. If concentration greater than 1:10 is used, rinse with water. May be used as a prespray prior to extraction type cleaning or as a heavy-duty shampoo. **AS A BOOSTER:** This product may be added to other cleaning agents to increase their activity. For rotary dry foam or extraction, dilute as follows: **HEAVY SOIL:** Dilute 12 oz./gal. or 94 mL/L (1:10) with water. **MODERATE SOIL:** Dilute 6 oz./gal. or 47 mL/L (1:20) with water. **LIGHT SOIL:** Dilute 3 oz./gal. or 25 mL/L (1:40) with water. *Always test first in an inconspicuous area.* Apply a small amount, press with an absorbent white cloth for 10 seconds and see if there is any dye transfer. Do not over-use.

Safety

Keep out of reach of children. For institutional and commercial use. **DANGER:** Contains alkaline detergents and 2-Butoxyethanol. Avoid contact with skin and eyes. Wear chemical anti-splash goggles and suitable gloves. Do not inhale vapors. **FIRST AID:** Remove contaminated clothing immediately. **SKIN AND EYES:** Flush skin and eyes immediately with large quantities of water for at least 15 minutes. Seek immediate medical attention. **INGESTION:** If swallowed, contact a poison control center immediately for treatment advice. Have conscious person take sips of water if able to swallow. Never give anything by mouth to an unconscious person. Do not induce vomiting unless instructed to do so by poison control center or doctor. **INHALATION:** Remove to fresh air. If not breathing, call 911 or ambulance, then administer artificial respiration, preferably mouth-to-mouth.
