

FiberPRO[®] EXTRACTION CLEANER

5th Generation Extraction Cleaner

This specially balanced blend of low foaming surfactants is designed for extraction on all types of carpet and upholstery. It is a powerful cleaner, but gentle to the fabric being cleaned. This ultra low residue formula rinses easily and completely. This extraction cleaner is highly concentrated, for outstanding performance at an economical price, and contains built-in O3Z malodor counteractants to help eliminate odors at their source. Recommended for use with steam or hot water extraction equipment on all types of carpeting and upholstery, including stain resistant.

Uses

- Recommended for use with steam or hot water extraction equipment on all types of carpeting (Including Stain Resistant), upholstery and rugs.

Benefits

- Versatile - For use on all types of carpets, rugs, and upholstery.
- Powerful - Surfactant blend unlocks soil and dirt for easy removal.
- Low Residue - Rinses freely so carpets stay cleaner, longer.
- Economical - Highly concentrated to deliver powerful cleaning action at an affordable price.
