

VERSATILE & CONVENIENT

Sure
Packaging **lock**[®]

SureLock[®] is the standard in dependability and efficiency.

The broadest most complete line of clamshell packaging for your customer's every need.

Easy to Open Design - container and its contents will not be damaged while opening.

Maximum Security with SureLock[®] - our double line locks keep containers closed until customers open them; prevent lid from popping open while on display or in transit.

Sanitary Over Lid Design - lid overlaps base to keep out crumbs and other contaminants.

Relaxed Hinge Design - allows for easier more efficient filling.

100% Recyclable PET ♻️ - promote your commitment to environmentally responsible packaging.

Efficient and Effective Merchandising - stackable design feature conserves valuable shelf space while creating eye-catching merchandising displays.

Automation Friendly - as a complement to an extensive line of containers, automation solutions increase your operating efficiencies.

Stackable - conserve valuable shelf space while creating eye-catching merchandising displays.

All of our SureLock[®] containers are made with Polyethylene Terephthalate (PET) material that complies with FDA regulation CFR 21 #177.1630 for use as a basic component of single use food contact surface. Storage/Shipping Temperature: 0°F to 140°F.
