

DINNERWARE

CARPE DINNER

PRODUCTS®

Expect more from your plates & bowls

Here's some food for thought: traditional plastic plates and bowls are made from precious oil and usually end up in landfills. **Sugarcane Plates & Bowls** from Eco-Products® are not only strong, grease and cut resistant alternatives to plastic or polystyrene, they're also BPI certified compostable and made from a 100% reclaimed and rapidly renewable material. Chew on that.

GREENSTRIPE® by Eco-Products®

Sugarcane Dinnerware

Made from 100% renewable and reclaimed resources
 Made with sugarcane, a rapidly renewable resource
