Carpet Enzyme Spot Remover

DESCRIPTION

This unique product is a bacterial carpet and fiber deodorant and prespot that removes the source of odors and stains in one cleaning application. Its bacteria and enzymes break down and consume the odors and stains permanently so they will not return. After your cleaning job is done, it continues to work on organic soils that have penetrated deep into the carpet and fiber backing. This product is excellent on pet odors, milk stains, vomit, urine, feces, grease, food, wine, and all organic soils.

Pretest an inconspicuous area of the carpet or fabric to determine colorfastness of the material.

Please read entire container label for detailed instructions and safety information.
