Chewing Gum Remover

Make it easy to remove chewing gum, candle wax, putty and other gummy substances from surfaces. This product will make the messy job quick and neat by freezing the substance to approximately -40°F so you can crack it off fast. Removal is easy and there is no staining or chemical residue left behind. This product contains no chemicals that will reduce the ozone in the upper atmosphere. Care should be exercised when using this product as frostbite may occur if sprayed on skin.
