

# Digestant Deodorizer

**#59**

An enzymatic cleaner specially engineered with non-pathogenic bacteria to break down all types of organic soils and grease buildup from drain lines.

- This unique formula digests and removes the source of organic waste, converting it to CO<sub>2</sub> and H<sub>2</sub>O!
- Not a temporary solution, like some other drain cleaning products that only partially open drain/line plugs.
- Contains non-pathogenic bacteria that grow, multiply and act as enzyme generators to keep your drains and grease traps running freely.
- For use virtually anywhere to digest organic waste build-up, and eliminate the source of malodor: For drain traps, sumps, dumpsters, septic lines/tanks, floor crevices with build-up, etc.

**Formula Features:**

- Natural Solution
- Non-Pathogenic
- Eliminates Odors at the Source
- Forms a Digesting Film to Keep Drain Lines and Traps Running Free

**Applications:**

- Dispense product into drains and grease traps to reduce odors and organic waste buildup.
- Recommended for the removal of organic malodors.

**Product Order # 59**
