Timing

Products will transition to the new codes on a sku by sku basis as we run through existing inventory. The earliest start of ship for the new codes is 8/7/17, and all skus will complete transition by 9/1/17.

Steps for a successful transition

- 1** Set up new codes in ordering system – we recommend linking old/new codes since product and pricing isn't changing
- 2** Wait until you receive the new packaging, this could take several weeks from the start of shipment date
- 3** Reach out to your P&G representative if you have any questions or concerns
