## Oxisafe All Fabric Bleach

### DESCRIPTION

This bleach contains a concentrated blend of oxygen bleaching agents specifically designed for use on colored and synthetic fabrics. The mildness of this bleach permits it to be added to the laundry during the filling operation or during the bleach operation. It is also safe for use with enzyme presoaks and regular laundry detergents. Hot solutions (160°F or higher) provide the best bleaching results, but this bleach may be used in all temperatures. Contains no Phosphorous.

Please read entire container label for detailed instructions and safety information.

### DIRECTIONS

- **1** Wear safety glasses & gloves  
*Usar gafas de seguridad y guantes*
- **2** Use in approved dispenser and attach to corresponding laundry line  
*Use en el dosificador aprobado y conecte a la línea de lavado de ropa correspondiente*
