

OUR NEW UNIVERSAL
TAMPER-RESISTANT LID
TOPS THEM ALL.

The new Universal Tamper Resistant Lid from Plastic Packaging Corp. is a pretty big deal. Resealable for consumer convenience. And engineered to fit every size container in our Value Line – which lowers your production costs by providing tamper-evident packaging for your entire line *with just one product.*

UNIVERSAL MEANS... **WELL, UNIVERSAL.**

We named our new product the "Universal" Tamper Resistant Lid (UTR) for a reason – because it fits our ENTIRE Value Line – every size container. That means you can add tamper resistancy to your entire product line *and* lower costs with the addition of just **one** item.

Our new **resealable**, peel-tab Universal Tamper Resistant Lid:

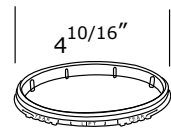

- Lowers costs by eliminating tamper bands and reducing labor
- Provides immediate tamper evidence

Our new UTR is

- Available in white, natural, and custom colors
- Printable / label-ready

Upgrade the security of your product line with one product – the Universal Tamper Resistant Lid from Plastic Packaging Corp.
