Directions For Use

Read the entire label before using this product.

To clean and deodorize hard, nonporous, environmental surfaces such as bathroom tiles, shower stalls, walls, sinks, bathtubs, toilets, and urinals:

1. Hold container six to eight inches from surface to be treated.
2. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 5 - 10 minutes. No scrubbing is necessary.
3. Wipe off with a clean cloth, mop, or sponge. The product will not leave grit or soap scum.

Safety

Keep out of reach of children. For institutional and commercial use. **WARNING:** Contains Sodium Metasilicate and Quaternary Ammonium Chloride. Avoid contact with skin and eyes. Wear eye protection and suitable gloves.

FIRST AID: If splashed on skin or in eyes, flush with large quantities of water for 15 minutes. If inhaled, get to fresh air. If swallowed, do not induce vomiting. Drink a large quantity of water. Call a physician immediately.

Acceptance

Acceptable for use in federally inspected meat and poultry plants. Former USDA classification C1.
