

## Metal Safe Liquid Machine Dish Detergent

### DESCRIPTION

This product is a highly concentrated heavy duty detergent with high strength alkalis for use in commercial dish machines, mechanical pot and pan washers, high pressure cleaners, and for use on food processing equipment. Its non-foaming properties make maximum wash pressure possible for superior cleaning results, while its special ingredients keep wash jets, tubing, and fittings clean. Safe for use on aluminum and other soft metals.

Please read entire container label for detailed instructions and safety information.
