

# Deb® Natural POWER WASH

## Product Information Sheet

**Description/Specification:** Heavy duty hand cleanser gives a solvent-free 'deep-clean' . Cartridges are ultrasonically sealed, non-vented, and fully recyclable (HDPE Type 2). Natural POWER WASH contains Deb's patented combination of sunflower oil esters and ground cornmeal & olive stone scrubbers and is EcoLogo and USDA BioPreferred Designated. Formulated for one dose application.

**Usage:** For use at the end of each work period, or more frequently if required, to remove a wide range of difficult to remove contaminants such as synthetic and mineral based oils and greases, tar, bitumen and many paints and adhesives.

**Method of Use:** Apply 1 dose to dry hands and rub in well to loosen all soilings. Rinse well with clean, running water and dry hands thoroughly.

	Feature	Benefit
Improves Health & Safety	Contains DEBASOL® Solvent-free Cleansing power	A unique patented synergistic blend of sunflower oil esters and non-ionic surfactants. Excellent cleaning power is derived from the non-solvent ingredients, which do not defat, irritate or dry the skin as is often associated with solvent based cleansers.
	Hygienic	The unique patented pump and cartridge are ultrasonically sealed and designed to prevent air ingress into the cartridge minimizing the risk of external contamination.
	Dispensers	Dispensers with BioCote™ protection are guaranteed for life and are color-coded with usage instructions to encourage hand washing best practice.
Environment	USDA BioPreferred Designated	The USDA Certified Biobased Product label assures the consumer that a product or package contains a verified amount of renewable biological ingredients.
	EcoLogo™ Certified	EcoLogo provides customers with assurance that the products meet stringent standards of environmental leadership.
	Contains Natural Cornmeal and Olive Stone Scrubbing Agents	Natural, non-abrasive and biodegradable ground cornmeal and olive stone scrubbers give a deep clean without damaging the skin or harming the environment.
	Recyclable Packaging	All cartridge components and packaging are recyclable while formulations are biodegradable.
Reduces Total Costs	Quick Rinsing	Quickly and easily rinses away to leave no residues on skin or in the sink.
	No Wastage	As no air passes back through the pump the cartridge collapses during normal use to maximize evacuation of product.
