

High Temp HTR Rinse Aid

DESCRIPTION

This product is a liquid concentrate that is added to the final rinse water in a dishwashing machine by rinse injector. Formulated for use under a variety of conditions, this product also works in conjunction with most automatic dispensing equipment. Effectively reduces the surface tension of water so that, instead of spotting, the water runs off leaving dishware dry and clean.

Please read entire container label for detailed instructions and safety information.

DIRECTIONS

1

Wear safety glasses & gloves
Usar gafas de seguridad y guantes

2

Use only with approved dispenser
Use solamente con el dosificador aprobado

3

Attach to corresponding wash line
Conecte a la línea de lavado correspondiente

Run normal dish cycle
Haga funcionar el ciclo normal para vajilla

5

Check with your warewash specialist for specific use
Consulte el uso específico con su especialista de lavado de utensilios de cocina

FEATURES

- Fortified with a mild, organic acid
- Highly concentrated
- Contains water conditioners
- Low viscosity liquid
- Non-alcohol formula

ADVANTAGES

- Dissolves scale and lime deposits
- Effective with high and low temperature dish machines
- Effective in all water conditions

BENEFITS

- Consistent dilutions and results
- Improved rinsability - Improved wash pressure efficiency

SPECIFICATIONS

Color Blue
 Fragrance None
 pH Range 6.5 - 8.0
 Dilution Dispensed
 Density 8.42
