

The high-performance, cost-effective liner
that makes short work of heavy, wet loads

Rhino-X[®]

One Tough Animal

High-Density HMW-HDPE Can Liners

When it comes to demanding loads like heavy or wet trash, Rhino-X[®] is the name cleaning professionals trust. The reason: Advanced high-density films make these liners extremely tough and strong, even at low gauges. Rhino-X liners can also help you save money. In many applications, a lighter-weight Rhino-X liner outperforms a heavier low-density liner.

The thinner, stronger films used to make Rhino-X liners mean less waste going into incinerators or landfills. So Rhino-X liners are a strong environmental choice, too.

- Superior film strength
- Superior moisture and vapor barrier properties
- Star bottom seal eliminates leaks and odors
- Convenient coreless rolls
- Full range of sizes and gauges
- Great choice for source reduction

Rhino-X[®] High Density HMW-HDPE Can Liners, CORELESS ROLLS

SKU Number	Size (inch)		Gallon	Gauge MIC	Color	Pack	Bags/Roll Rolls/Case	Net Wt.
