Non Acid Bathroom Cleaner does what you want it to — making restroom surfaces safer by killing harmful bacteria and viruses. Designed for all restroom, shower, spa, and public bathing areas. Non Acid Bathroom Cleaner cleans and disinfects all hard non-porous surfaces. Non Acid Bathroom Cleaner is virucidal, tuberculocidal, fungicidal (against pathogenic fungi) and is a mildewstat too, making it the perfect quat based, disinfectant/detergent.

Non Acid Bathroom Cleaner’s virucidal, kill claims include: HIV-1 (AIDS); HBV (Hepatitis B); HCV (Hepatitis C) and Norovirus. It is effective against TB (Mycobacterium Tuberculosis) and all this killing power is wrapped into a superior detergent system combined with a pleasant “citrus floral” fragrance. Enjoy cleaning with Non Acid Bathroom Cleaner.

**Disinfection, Deodorizing and Cleaning:** Remove gross filth or heavy soil prior to application of the product. Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow product to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum.

One-step cleaning and disinfection of toilet bowls and urinals: Remove water from bowl by forcing water over trap with a swab mop applicator. Press swab mop against side of the bowl to remove excess water from applicator. Apply 1 to 2 ounces of this product evenly, allowing sufficient time for product to cover entire surface of bowl for maximum cleaning. Swab bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand 10 minutes and flush.

**SPECIFICATIONS**

- Color: Blue
- Fragrance: Floral
- pH Range: 11.5-12.0
- Dilution: RTU
- Density: 8.40
- EPA Registered: Yes

**Guarantee:** We guarantee your complete satisfaction with this product's performance. If dissatisfied for any reason, return any unused portion for credit within one year of the date of manufacture.
