

Table Top Sanitizer RTU

DESCRIPTION

This product is for use on hard, non-porous surfaces in: restaurants, bars, kitchens, cafeterias, institutional kitchens, fast food operations and food storage areas.

Please read entire container label for detailed instructions and safety information.

DIRECTIONS

NON-FOOD CONTACT SANITIZER USE DIRECTIONS: For heavily soiled areas, a preliminary cleaning is required. Apply this product to hard, non-porous non-food contact surfaces with a brush, cloth, sponge, or mechanical spray device so as to thoroughly wet surface to be sanitized. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Rub with brush, cloth, or sponge. Treated surfaces must remain wet for 3 minutes. Allow to air dry. Change cloth, sponge or towels frequently to avoid redeposition of soil.

FOOD CONTACT SURFACE SANITIZING DIRECTIONS: Remove gross food particles and soil by a preflush, or pre-scrape and when necessary, pre-soak treatment. Then thoroughly wash with a good detergent or compatible cleaner followed by a potable water rinse prior to application of the sanitizing solution. Apply this product as is to sanitize hard nonporous surfaces with a brush, cloth, sponge, or mechanical spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Rub with brush, cloth, or sponge. Surfaces must remain wet for at least 1 minute. Allow surfaces to air dry. Do not rinse after use as a sanitizer. Change cloth, sponge or towels frequently to avoid redeposition of soil. Change this product at least daily or when this product becomes visibly dirty. The used sanitizing solution must not be reused for sanitizing, but can be reused for other purposes such as cleaning.
