Liqu-A-Klor™
Liquid-Bactericide
Disinfectant and
Sanitizer

An effective liquid bactericide disinfectant and sanitizer for food contact equipment and utensils.

Easy-to-Use

- Available in 1 gallon containers for easy operator handling

Effective

- Manual chlorine sanitizer for compartment sinks, buckets and spray bottle applications
- Suitable for use as a sanitizer for many bar glass machine operations
- Final rinse sanitizer for low temperature machines
- For use as a produce wash

Designed For

- Healthcare
- Food Service
- Retail

Use Overview

Liqu-A-Klor™ liquid-bactericide disinfectant and sanitizer is a hypochlorite solution. It is effective for the final sanitizing rinse of previously cleaned and rinsed food contact equipment and utensils such as: low temperature machines, compartment sinks, bar glass machines, fruit and vegetable washing, commercial laundry sanitizer and disinfection of drinking water (emergency/public individual systems). Also for use as organic produce wash.

- Remove gross soil.
- Apply to nonporous surfaces.
- Allow to remain wet for two minutes.
- Do not rinse with water after treatment.
- Let air dry.

Note: Chlorine is an approved organic contact material (at 4 ppm maximum). Using Liqu-A-Klor™ at 50 ppm and rinsing with potable water will reduce the chlorine concentration to below the required level of 4 ppm. Any residual chlorine will readily gas-off as the surface dries.

Product Specifications

Description	
Certifications	Kosher
Color/Form	Clear yellow, liquid
EPA Reg. No.	875-190
Flash Point	>200° F (>93.4° C)
pH	12.2
Scent	Chlorine
Shelf Life	1 year
Solubility	Complete
Specific Gravity	1.08

Available Items

Product Code	Description/Package Size	Dilution
02853280	4 x 1 gallon / 3.78 L Containers	1:256, 1:512
100839975	1 x 5 gal./18.9 L Pail	1:256, 1:512

Hazard Rating

HMIS	Concentrate	NFPA
3	Health	3
0	Flammability	0
0	Reactivity	0

4=Very High; 3=High; 2=Moderate; 1=Slight; 0=Insignificant.

Use Dilution

Available Chlorine Dilution	
25 ppm	0.5 oz. per 8 gallons
50 ppm	1 oz. per 8 gallons
100 ppm	2.5 oz. per 10 gallons
200 ppm	5 oz. per 10 gallons

Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available on-line at www.sealedair.com or by calling 888 352 2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up to date shipping information.
